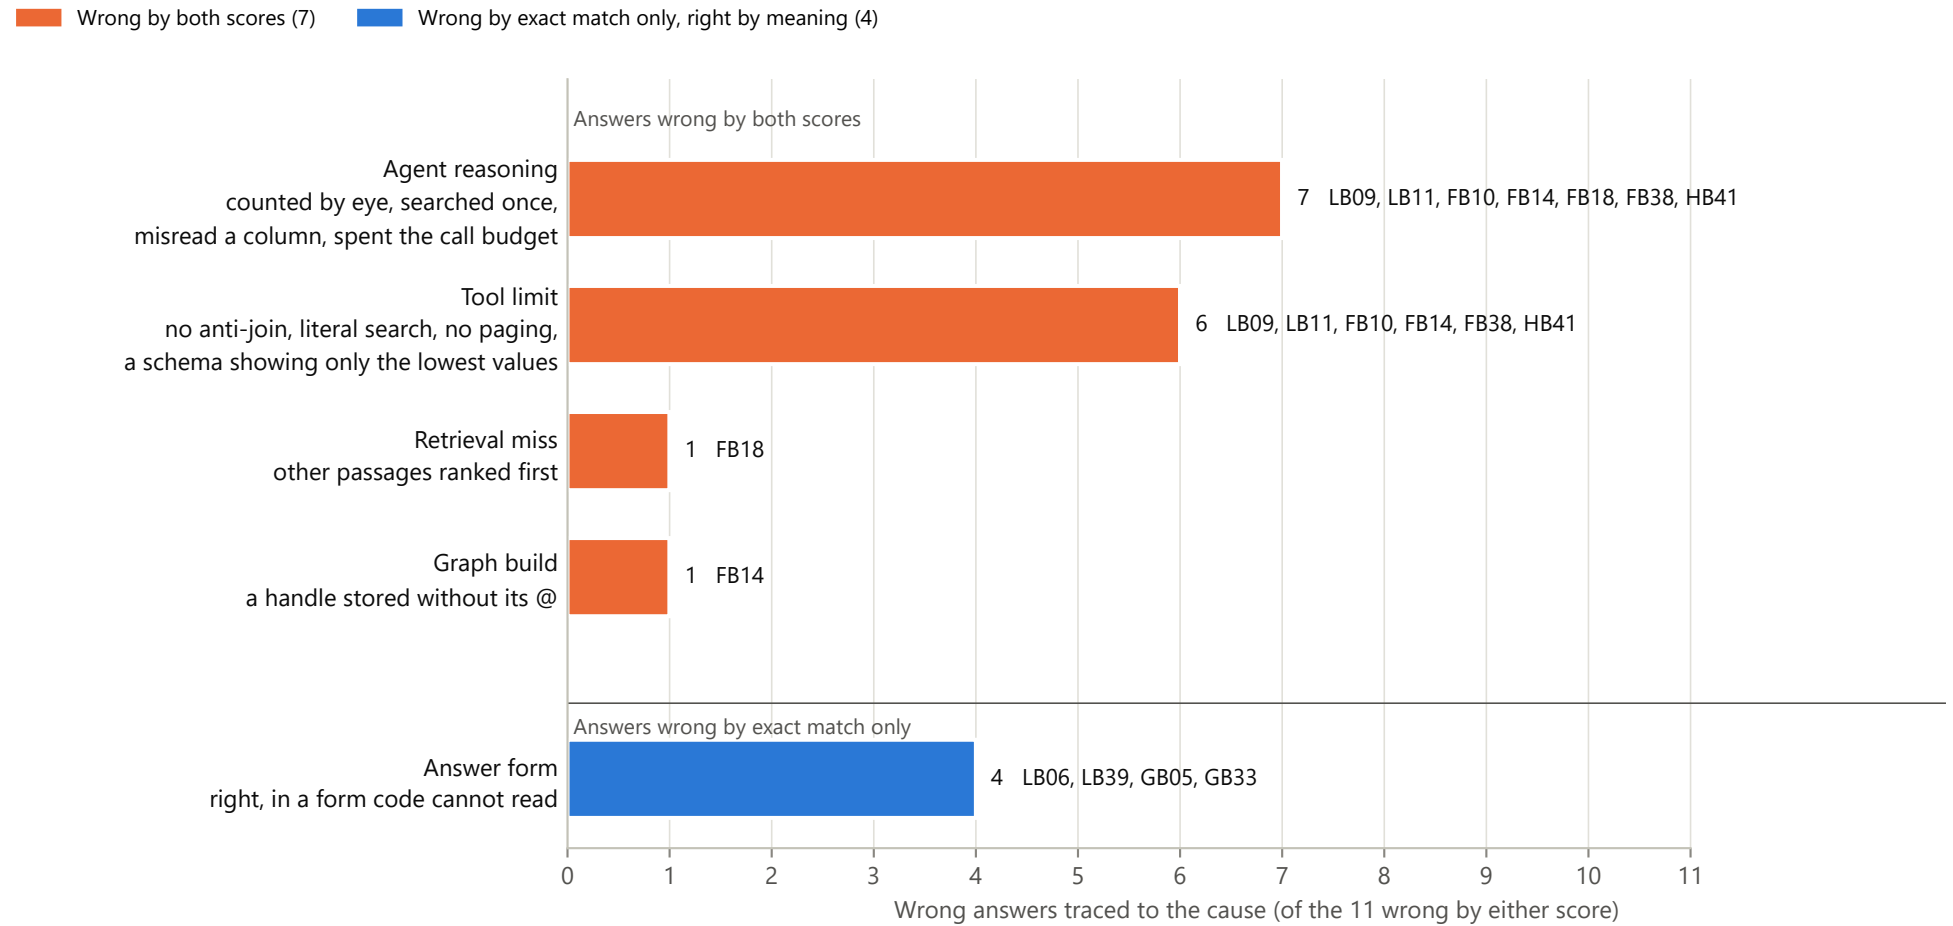
All 7 answers wrong by meaning involve the agent's reasoning, 6 with a tool limit; 4 more miss exact match only by their form


R157: the 11 of 250 benchmark answers wrong by either score, each traced to its causes; a question can have several, so the bars add up to more than 11.
Question ids at each bar: LB Lighthouses, FB Furniture, HB Held-out (NHTSA), GB Generality; no NTSB aviation answer was wrong.
